1. Welcome and Introduction to FdA Education and Childhood.

1.1 Welcome statement

Welcome to your Programme Quality Handbook (PQH), this PQH is designed to provide you with programme related information both for before and during your studies. In addition to this PQH our UCSD interactive website contains our online Handbook to support you which studying at UCSD. A link is available here [Student Handbook | University Centre South Devon \(ucsd.ac.uk\)](http://ucsd.ac.uk). It can also be navigated by going to www.ucsd.ac.uk and searching for student handbook.

The Foundation Degree in Education and Childhood, awarded by the University Centre at South Devon College, is a holistic programme that will help you to become a knowledgeable and skilled educational practitioner. You will learn about the psychological and educational theories that underpin teaching and learning, develop your professional practice to support learning and child development, and become an ethical, inclusive, and safeguarding conscious practitioner. This programme has been designed to equip you with the skills and knowledge base required to work in your chosen specialism or other graduate opportunities. It is also a platform from which you can undertake additional vocational and academic qualifications.

1.2 Programme Management

Role	Person	Email address
Personal Tutor and/or HE Lead	Lisa Rogers	lisarogers@southdevon.ac.uk
Programme Coordinator	Lisa Rogers	lisarogers@southdevon.ac.uk
Higher Education Coordinator	Lisa Rogers	lisarogers@southdevon.ac.uk
Curriculum Head	Anna Neale	annaneale@southdevon.ac.uk
Assistant Principal	Liz Lawrence	lizlawrence@southdevon.ac.uk

1.3 Personal Tutor

Your personal tutor's role is to support your personal and professional development, develop your academic skills, manage student expectations, achieve positive student-staff communications, provide pastoral support and signposting, and monitor your wellbeing. They should be your first port of call for advice and/or direction for further support on academic or pastoral matters.

Your personal tutor is Lisa Rogers.

Lisa taught for 12 years within Early Years, education, and school management before joining the South Devon College teaching team. She has taught and managed across a range of Higher Education and Further Education Children and Young People programmes. Her research interests are Professional Practice and Special Educational Needs. She teaches the Professional Practice and Alternative Pedagogies modules at Level 4.

1.4 Tutoring at UCSD

UCSD's aim is to facilitate and promote positive student engagement in learning, wellbeing, academic success, and progression. This is coordinated through an integrated tutorial model:

1. Personal and pastoral tutoring to monitor students' wellbeing and support their personal development
2. An academic tutoring curriculum to support in the development of academic and employability skills and monitor your academic and professional progress
3. Professional services including the Student Support Hub team, library services, employability, academic standards and quality

The integrated tutorial model ensures all students have a personal tutor and scheduled weekly group and/or one-to-one Tutorials, and are able to access professional study skills, wellbeing, disability and employability guidance from the HE Student Support Hub.

The tutorial curriculum and Personal Development is tailored for your programme including consideration of the size of programme, the hours that you are studying and the level of your programme. Details will be provided by your personal tutor

Your personal tutor's role is to support your personal and professional development, develop your academic skills, manage student expectations, achieve positive student-staff communications, provide pastoral support and signposting, and monitor your wellbeing. They should be your first port of call for advice and/or direction for further support on academic or pastoral matters. However, your tutor may refer you to members of the Student Support Hub to provide specialist advice and information. See section [Student Support Hub](#) below for more information.

1.5 Course Contact List

Details of your module's leaders and how and when they can be contacted are below. You can also view the profile of the teaching team within the curriculum area that your programme is based via this link: <https://www.ucsd.ac.uk/research-and-expertise/childhood-and-youth/>

If you have questions about a module, please contact the appropriate module leader.

If you have any questions about the programme or your pastoral needs, please contact your personal tutor.

If you have any questions about fees, funding or support from the university please contact university@southdevon.ac.uk

Module Leader	Modules	Contact	If part time days/hours that are worked
Lisa Rogers	Professional Practice and Alternative Pedagogies	lisarogers@southdevon.ac.uk	Full time including role as Programme Co-Ordinator
Caroline Knight	Safeguarding Children and Young People	carolineknight@southdevon.ac.uk	Tues-Fridays
Marie Metenier	Equality, Rights, Diversity and Cultural Differences	mariemetenier@southdevon.ac.uk	Tues and Fridays
Kelly Smith	Social Pedagogy, Learners and Education, SEND Learning	kellysmith@southdevon.ac.uk	Tues, Thurs and Fridays
Samantha Smith	Research Methods and Professional Investigation	samanthasmith@southdevon.ac.uk	Tues-Fridays
Issy Hallam	SEND Communication	issyhallam@southdevon.ac.uk	Full-time including role as Student Development and Tutorial Manager
Anna Neale	Child Development	annaneale@southdevon.ac.uk	Full-time including role as Senior Section Head
Sabrina Connolly	Inclusion and Well-being	sabrinaconnolly@southdevon.ac.uk	Wednesdays and Fridays

1.6 Preparing for your programme

At UCSD, we understand that degree level study is a big step up from previous studies. To help prepare you for the degree we recommend engaging with preparatory activities. Each year UCSD organise Stepping up to HE workshops, with a focus on supporting you to develop your research and writing skills, alongside academic techniques.

For more information on the workshops and resources available, please visit our website: <https://www.ucsd.ac.uk/the-first-year-at-university/>.

The Student Support Hub is available throughout the duration of your programme and offers a range of services, acting as a first port of call for academic, study, wellbeing, disability, fees/funding, employability, and progression support. When progressing to the next level of study of your higher education, there are also workshops and activities available to support you with progressing your graduate skills.

Preparatory reading is a great way to develop your knowledge and skills to be ready for the next level of study in higher education. Please see below some recommended reading to undertake prior to the start of your course:

Preparatory activities and reading

As you prepare to join the Foundation degree in Education and Childhood, there are several tasks that you can undertake to prepare for your studies.

1. Plan and organise a suitable placement. Choose an age range and type of educational provision that you are interested in. You will be required to complete 100 hours of placement in a suitable setting. Our placement Officer, Sue Billingham: suebillingham@southdevon.ac.uk supports students in this area.
2. Gather suitable supporting evidence required for your DBS (Disclosure and Barring Service) application. You will be required to undertake a DBS application and will need supporting evidence such as driving licence, passport, and a utility bill to support the process. It can be handy to put these documents to one side in preparation for the start of the programme.

One of the most important preparations is to look at the reading lists and begin to purchase some of the core texts. Here are a few key texts that will support you throughout the foundation degree.

Tatton, A., Bright, C., and Thomas, L. (2018) *Supporting children and young people in schools*. London: Charles Fulton Books

MacBlain, S., Dunn, J. and Luke, I (2017) *Contemporary Childhood*. London: Sage

Hodkinson, A. (2019) *Key issues in special educational needs, disability and inclusion*. 3rd edn. London: Sage

You can often get second-hand copies of these books on online sites, it does not matter too much if they are previous editions, or join the [UCSD Children & Young People Degrees](#) Facebook group and ask if anyone is selling their texts.

1.7 Curriculum design principles

Programme Rationale

The FdA Education and Childhood programme was approved for delivery in 2021 and is validated by South Devon College. The introduction of the FdA Education and Childhood culminated from the need to develop a suitable programme that gives students' an understanding of education and childhood from conception to adulthood, and of children from an ecological perspective in line with contemporary theories and policies relating to educational practice and child development. The programme is intended to develop your knowledge and understanding of a wide range of inter-related factors (physical, intellectual, emotional, social, and cultural) which contribute to children's holistic development. This programme places children and childhood at the core of education with the exploration of your own individual interests, research and studies related to your practice. The programme incorporates a wide range of current factors related to education studies, children and early years within the UK and globally, thus supporting a broad range of opportunities for future employment.

Context

The curriculum of the Foundation degree (FdA) Education and Childhood has been designed to incorporate theories, research and policy relating to education and child development spanning the ages from 0 – 18 years, with specialist modules at Level 5 focussing on Special Educational Needs and Development (SEND). The programme will enable you to explore traditional theories and research essential for employability within the sector, combined with modules which emphasise contemporary approaches, to explore alternative pedagogies for progressive practice. The inclusion of SEND theory will enable you to understand the range of support available to

children, parents and anyone working with SEND children. The unique curriculum comprises elements of early years provision, as well as primary, secondary and special provision to meet industry workforce requirements in the education sector. With the span of study from 0-18 years, the programme aims to increase progression opportunities for graduating students to a broader range of careers in the education sector. The programme is intended to provide you with the opportunity to become an active, reflective, and self-critical learner, with the undertaking of a work placement in an educational setting. You are required to complete 100 hours of placement throughout Level 4 and you will draw on this experience throughout your module learning and assessments.

The programme teaching team are part of the wider Children and Young People curriculum team at South Devon College that encompasses higher education degree courses in FdA Working with Children, Young People and Families, FdA Youth Justice, and BA (Hons) Childhood and Youth Studies. We work in partnership with South Devon College further education colleagues delivering a range of Level 1, 2 and 3 Children and Young People courses, and our colleagues teaching social science courses from Levels 1 to 6.

The Children and Young People curriculum team works with employers across the Torbay and South Devon area to facilitate student placements, apprenticeships, and curriculum development. Feedback from employers and students' mentors about the curriculum is gathered through individual meetings during the academic year and events such as the Children and Young People Conference held during Research Showcase in May each year. We invite industry representatives and guest speakers to the University Centre to ensure we develop working relationships and maximise our links with the local community. Employer and placement feedback, together with students' feedback and academic sector developments identified by teaching staff, help to inform and develop the programme curriculum, assessments, and enrichment activities.

Content

The FdA Education and Childhood programme consists of six 20 credit modules at Level 4 and six 20 credit modules at Level 5, taken over two academic years (full time) or 3 academic years (part time). The modules are designed to promote a detailed understanding of complex issues affecting the education sector and devised to fit into four key areas of study, professional development (Professional Practice; Research Methods; and Professional Investigation), Policy and Practice (Safeguarding Children and Young People; Equality, Rights, Diversity and Cultural Differences; and Social Pedagogy), Child Psychology (Learners and Education, Alternative Pedagogies and Child Development) and SEND (Inclusion and Wellbeing, SEND: Learning, SEND: Communication).

The professional development modules focus on developing practice skills in the learning environment. The modules complement work-based learning and explore topics including

professional skills and competencies, reflective practice, and using research and evidence-informed practice. The policy and practice modules cement knowledge about how educational policy influences the way schools and other learning environments are managed and how practitioners work. Students will learn about safeguarding and child protection, inclusion and diversity, and educational curricula. The child psychology modules explore how children learn and develop, and how practitioners can support that learning. Students will explore child development, wellbeing in childhood, formal classroom learning, and alternative pedagogies for learning. Supporting children with special educational needs and disability is a core part of educational practice. Our SEND modules will equip students with knowledge, skills, and strategies to support children with a range of physical, learning, communication and sensory difficulties, and social, emotional, and mental health needs. The module sequencing at level 4 and 5 supports progression and promotes the development of a sound understanding of relevant theoretical frameworks, legislative and policy directives, and research methods. The modules are sequenced carefully allowing you to develop the knowledge, skills, and behaviours ready for graduate employment in child development and education. Although the modules stand-alone, the knowledge and understanding you develop within the modules builds as you progress throughout the programme, and you will be able to make connections and links, thus applying it to future module learning and assessments.

The contemporary nature of the programme enhances student's understanding of the differing viewpoints available by broadening knowledge and experience of education and childhood perspectives. Students are prepared to work effectively and sensitively with children, parents, and colleagues. The programme is intended to develop students' knowledge and understanding of a wide range of inter-related factors (physical, intellectual, emotional, social, and cultural) which contribute to children's development, learning and progressive participation in a variety of socio-cultural contexts. Students explore progressive and alternative pedagogies, which encapsulate different approaches, different structures, and different methods for teaching, which enhance creativity and inclusivity for holistic education.

Teaching and Learning Strategy

The FdA Education and Childhood programme is designed to be delivered with face-to-face scheduled learning activities, asynchronistic learning opportunities and available resources on our online learning platforms. Students will be required to undertake guided independent learning in preparation for scheduled learning activities, and independent study towards assessments. UCSD currently uses MS Teams as an online collaboration tool, with students able to interact with their peers and module leader on the chat function. Scheduled learning activities are recorded and transcribed within the module channels, and module leaders can provide summaries and notices and remind students in an asynchronistic manner. Teaching resources are available on Moodle 48

hours in advance, with additional reading and resources available for students to further enhance their understanding. Students are expected to undertake self-directed learning to prepare for lectures and to aid classroom discussion.

Our teaching and learning strategy builds upon the South Devon College Teaching and Learning Framework. The framework is underpinned by five core principles: the evidence-informed teacher, the evidence-informed learner, the ambitious and inclusive curriculum, the responsive teacher, and the confidence and employable learner. As evidence-informed teachers, our practice is based on research applying cognitive psychology in the classroom (Rosenshine, 2012) to create learning cultures where students are secure in the key concepts, skills, and behaviours. In practice, our schemes of learning are designed to embed daily review, introducing new topic in small steps, using probing questions, offering guided practice, scaffolding new skills development, and opportunities for independent practice and regularly reviews.

We support our students to be evidence-informed learners by prompting the development of study and academic skills, through scaffolding of skills and guided practice in the classroom, and study skills support from the dedicated HE Study team at the University Centre. We encourage students to learn the metacognitive skills to reflect on their learning, gather feedback, plan, and apply strategies for their learning to promote motivation and persistence in their studies.

The ambitious and inclusive curriculum is designed in response to the needs of our diverse student population, employers, and the local community. The modules and assessments allow students to extend their prior knowledge and experience, explore new and emerging topics, and investigate in depth an area of academic and/or professional interest. Creating a flexible and holistic curriculum allows a degree of personalisation for students. Inclusive teaching and learning practices, and the importance of our personal development programme embedded within the tutorial curriculum are designed to enable all students to thrive in their chosen area and develop their employability.

As responsive teachers, we seek to create a learning culture that empowers staff to deliver a curriculum that is student-centred and responsive to prior knowledge, skills and behaviours, and the progress made by individual students. Collaborative learning and group work are incorporated into schemes of learning, enabling students to learn from and with their peers, and practice their thinking for formative feedback.

Finally, the teaching and learning framework aims to develop students' resilience to become employable and confident learners. Work based learning is a key element of the programme and students are encouraged to apply their developing knowledge and understanding in their practice and draw on this experience. There is a significant focus on the use and development of effective communication strategies, the promotion of professional skills development, as well as the importance of partnership working in educational settings. Therefore, the programme provides the knowledge and skills that will enable students to be innovative, to meet the ever-changing needs and the requirements of professional practice.

Scheduled learning activities in the classroom are supplemented with online learning opportunities on Moodle and MS Teams. Teaching resources are available to students on Moodle at least 48 hours in advance of lessons, with supplemental reading and audio-visual resources to enable

deeper exploration of topics. UCSD uses MS Teams as our online collaboration tool, with students able to interact with their peers and module leader on the chat function, scheduled learning activities recorded and transcribed within the module channels, and module leaders able to give summaries, notices and remind students in an asynchronistic manner. In addition to scheduled learning activities, students are expected to undertake considerable self-directed learning to prepare for classroom seminars and in preparation for assessments.

Resources

As a UCSD student you will have access to the following resources:

- Microsoft Office applications and OneDrive via your southdevon.ac.uk account
- MS Teams for online learning and communication with your peers and teaching team
- Moodle, South Devon College and the University Centre's virtual learning environment
- The South Devon College Learning Resources Centre (LRC) in the main college building. The LRC hosts the library with thousands of hard copy textbooks.
- The South Devon College online library, via Moodle, which hosts thousands of ebooks and online journals specifically selected for courses related to children and young people.

You will be issued with a reading list of textbooks for each module, you do not have to purchase the books as they are available in the South Devon College as either hardcopy textbooks or ebooks.

Students will be required to nominate a mentor from their placement. The mentor will support the student in the work environment. The mentor and student will be supported by the Work Placement Coordinator. A placement guide will be shared with the student's placement outlining the expectations for their professional practice. The continual review of student's progress will be monitored throughout Level 4, to ensure that they are best placed to complete 100 hours. To ensure a cohesive programme of delivery with transparent aims for both the placement and student, guidance will be provided for the mentorship of individual student's professional development, which will include a mentor handbook and work-based learning handbook (QAA – UK Quality Code, Advice and Guidance).

1.8 Assessment and feedback strategy

Assessment of your learning is an essential part of attaining your qualification. Your assessments will be design in accordance with the UCSD Assessment Policy <https://www.ucsd.ac.uk/student-life/essential-information/academic-regulations-and-procedures-and-policies/> and the assessment guidance on the UCSD website <https://www.ucsd.ac.uk/student-life/support/assessment-guidance/>

Your module leaders will support you to develop the skills to succeed in your assessments. But you can also use the self-directed guidance on <https://www.ucsd.ac.uk/student-life/support/assessment-guidance/> and receive one-to-one support from the HE Study team by contacting HEstudy@southdevon.ac.uk

Assessments

Your assessment timetable will be available on Moodle at the start of your course.

Assessments are designed to enable students to meet the learning outcomes for each module and allows students to undertake a diverse mix of assessments including presentations, reports, articles, and portfolios throughout their course of study. A variety of assessments will be undertaken linking to the experience gained from student's placement, as well as other standard forms of academic assessment, tailored to the mode of delivery. The assessment strategies adopted throughout the programme are diverse and relevant to the skills required for employment within the education sector. All modules require an overall pass mark of 40%. Module guides and assessment briefs are published each September, ahead of module teaching. Each assessment brief provides comprehensive details of how the student can meet the learning outcomes, including a breakdown of marking criteria, specific to Level 4 and Level 5.

A diverse mix of assessment methods ensures that specific students are not disadvantaged by specific forms of assessment, varying assessment activities has also helped develop a broader range of personal and employability skills. Student engagement is improved by using authentic contexts in assessments which include seminars and the writing of articles associated with their area of specialism or topic choice. Staff will provide exemplar assessments, where appropriate, that allow students to visualise what the task is and independently or under direction to practise equivalent assessment tasks in advance of 'the real thing' and/or utilise these as formative tasks and discuss openly in taught sessions.

The use of an early, lower weighted assessment and feedback allows students and academic staff to identify areas for development and put in place support mechanisms to enable students to transition into Level 4 effectively. Summative assessment submissions are via Turnitin. This allows students the opportunity to submit their assessment and receive similarity report feedback, thereby enabling them to develop the integrity of their academic writing for final summative submission. Practical presentations are marked live and, in the moment, however a Turnitin submission to include a reference list and any other stipulated supporting evidence is required to enable a consistent experience for assessments.

All assessment briefs and module guides are internally moderated and available to External examiners before distribution. All assessments will be subject to a rigorous moderation process both internally, and where required externally by university regulations.

Feedback

Students will be given information in tutorial and each module about what types of formative, draft, and summative feedback they will receive. Students are provided with verbal formative feedback throughout the teaching and learning experience and written and verbal feedback on a draft submission. Draft feedback highlights how students can develop their work to meet the learning outcomes and improve their assessments. Summative feedback is digital through Turnitin. This encompasses narrative commentary, the use of Quick marks to highlight positive work and areas for improvement and a breakdown of marks allocated to different assessment marking criteria. The narrative comments highlight what the student did well, how they can improve their work and targets for them to work towards, including recommendations to seek support from the HE Study team.

The feedback process is clearly communicated to students as part of their induction and tutorial programme. It is explained that summative feedback is released 20-working days after summative submission date, with dates published in the Module Guides and on Turnitin. Occasionally, summative feedback is released early if it has been marked and moderated, and early release would support subsequent assessment. As there are two pieces of assessed work in a module, feedback from the first piece will be made available prior to the submission date for the subsequent piece(s). The teaching team will inform students of their processes and policies relating to feedback and publicise the principles of feedback in the module guides. In exceptional circumstances, when summative feedback release is delayed, students will be told why and given a new due date.

Feedback quality is maintained through benchmarking and moderation processes within the section to ensure it is fit for purpose and appropriate. Staff awareness is raised through CPD, ensuring that levels of feedback are sustainable for staff to deliver, and staff are actively sharing existing good practice. The teaching team will check that feedback is fit for purpose and that it enhances learning at module, programme, and section level, as part of on-going annual review processes. This is specifically to ensure that feedback genuinely supports student learning. Monitoring of feedback will also take place to ascertain consistency of quality and appropriateness of type of feedback offered and mode of delivery.

All students will be provided with developmental feedback on their formal assessments to enable students to action development points into their subsequent assessments. All feedback from summative assessments will be provided via Turnitin, the online platform adopted by South Devon College. Clear, assessment criteria will be outlined to the students to maximise their opportunity to meet the assessed learning outcomes for each assessment. Feedback is aligned to the assessment criteria by rubrics and online feedback. Formal, written summative feedback will be returned within the policy driven 20 working days and informal oral or written formative feedback.

This qualification is internally assessed, and internally and externally quality assured. Assessment is achieved via robust external and internal quality assurance processes, ensuring the identification of best practice and areas for development or risk on a continual basis.

1.9 Student Support Hub

The University Centre South Devon (UCSD) is committed to an ethos of equality and inclusivity. How we will support you is set out in the Student Development Policy, available on the UCSD website <https://www.ucsd.ac.uk/student-life/essential-information/academic-regulations-and-procedures-and-policies/>. By becoming a UCSD student you enter a partnership with us, committing yourself to positively engaging and actively taking part in scheduled learning activities, self-directed learning and alerting your teaching team and/or the Student Support Hub to any additional needs you have. In return we commit to support you to achieve your potential. This relationship is set out in our Student Charter <https://www.ucsd.ac.uk/student-life/essential-information/academic-regulations-and-procedures-and-policies/>

The UCSD Student Support Hub <https://www.ucsd.ac.uk/student-life/support/> is based on the ground floor of the University Centre. Many students think that the Support Hub is only for when they have exhausted all other avenues of support. But we encourage you to seek us out as soon as you think that you are struggling, because it is much easier to solve issues when they emerge. Also, students may feel that they are expected or should be able to manage any difficulty, but it is better to contact us to discuss what we can support, rather than make that decision yourself. Therefore, all students are encouraged to contact the Hub team early in their student journey, the service is available year-round except for closure days (normally around Christmas, so that you can be supported to thrive:

- **HE Study Team**

The HE Study Team's role is to support you to develop your study and academic skills. You may have just progressed from a Level 3 course such as A' Levels, Access to HE, BTEC, or a Level 3 Diploma, or not have studied for many years, but everyone will find the step up to Higher Education learning a challenge and for some it will be more challenging we are here to support everyone. The team are here to support you to enjoy and make the most of your academic studies, that includes students who are doing well and want to do better and those for whom learning is more challenging. There is a wealth of resources on the UCSD website <https://www.ucsd.ac.uk/student-life/support/study-skills/> and you can book one-to-one sessions by emailing HEstudy@southdevon.ac.uk sessions can be held face to face or on MS Teams.

- **HE Disability Team**

If you have a disability or difficulty, whether that is physical, mental health or a learning difficulty, rest assured you will receive the support and assistance you need to study. You can contact us even if you are unsure that you might have a disability or difficulty as we are happy to have a chat about how you feel. Our team will guide and assist you from the initial enquiry, through the application and assessment process, and signpost you to additional resources and services where required. Find out more information on our website <https://www.ucsd.ac.uk/student-life/support/disability-support/> or visit the Government's website about Disabled Students' Allowance <https://www.gov.uk/disabled-students-allowance-dsa> If you are an apprentice student, you are entitled to the same support, but the application process is slightly different. The earlier you contact the team, the quicker the support can be in

place, please contact HEdisability@southdevon.ac.uk

- **HE Wellbeing Team**

The Wellbeing team can provide support to students experiencing wellbeing challenges that impact on their studies we understand that studies can face many difficulties so, don't be afraid to speak to us. The team offers urgent and regular support to help you adjust to and manage student life, stay positive and motivated, encourage you to continue with your studies, and manage the unexpected. Students who have mental health difficulties can apply for disability support to provide regular and specialist support. For more information see <https://www.ucsd.ac.uk/student-life/support/wellbeing-support/> or contact HEwellbeing@southdevon.ac.uk

- **HE Employability**

The Employability team are available to support you as your career plans develop. They can offer placement opportunities and help you to find appropriate work while you are studying. You can discuss your ideas, gain support researching opportunities, have feedback on your CV, personal statement or job application, and practice your interview skills. For more information see <https://www.ucsd.ac.uk/employability-and-next-steps/> or contact HEemploy@southdevon.ac.uk

Before you start your programme, you should engage with the Stepping up to Higher Education resources on our website <https://www.ucsd.ac.uk/stepping-up-to-higher-education/> and attend the workshops held by the HE Study team as these provide a detailed and useful introduction to your new academic life. There will also be a course induction by the programme team a week before teaching starts.

UCSD encourages all students to actively engage with their tutor and the HE Student Support Hub to access study skills, wellbeing, disability, and employability support throughout their studies. Make the most of the support available to you, so that you can gain the best degree.

1.10 Preparation for Employment, further academic study and personal development

The FdA Education and Childhood Foundation degree, with the span of study from 0-18 years, provides a wide range of progression opportunities for graduating students to a broader range of careers in the education sector. On completion of study students could progress directly into, or progress onto higher level study, to pursue a variety of careers in education, including roles such as teacher, teaching assistant (higher level), pastoral lead, schools based support, intervention lead, mental health worker, portage worker, learning disabilities support worker, family support worker, SEMH support workers, Assistant SENCO, early years practitioner, behavioural support worker, community education officers, and in educational psychology.

Progression opportunities from the FdA Education and Childhood will include the BA (Hons) Childhood and Youth Studies and BSc (Hons) Social Therapeutic Interventions, which are University of Plymouth Level 6 bachelor's degrees delivered at South Devon College, or to other HE providers for level 6 study, including University of Plymouth BA (Hons) Early Childhood Studies.

Weekly tutorials for FdA Education and Childhood students take place with students from the sister course FdA Working with Children, Young People and Families to enable further collaboration and peer learning. Tutorial sessions follow the UCSD Tutorial Curriculum, with a focus on study and academic skills, personal development, and employability. All students have the same personal tutor who leads weekly tutorials, supports the pastoral and academic development of students one-to-one, and facilitates employability and enrichment opportunities. Employment and enrichment activities may include guest speakers, local, national and international visits, relevant training courses and opportunities for students to volunteer or work in areas of interest.

1.11 UCSD Enterprise and Employability Framework Mapping

The UCSD Enterprise and Employability Framework sets out employability criteria that every UCSD graduate should achieve. Evidence here activity within the programme, or signpost to further support, that matches each of the criteria:

FHEQ level: 6						
Employability Criteria	Definition	Programme Aims and Intended LOs	Module Aims and LOs	Assessment	Extra activity (i.e. trips)	Other UCSD areas of activity
Job-specific skills	Students demonstrate the specialist and technical knowledge and skills needed by employers (in the sector) locally and nationally.		UCSD 1084 1,2,3,4 UCSD 1089, LO1 and 2 UCSD 1986 L01, 2, 3, 4 UCSD 1987, LO1,3 UCSD 1088, LO1, 2 UCSD 2102, LO, 3,4 UCSD 2103, LO1,2 UCSD 2104, LO3,4 UCSD 2105, LO1,2	UCSD 1084 A1 Blog and A2 Portfolio UCSD 1089 A1, A2 Presentation, reflection UCSD 1085 A1, A2, report, Seminar UCSD 1086, A1 Lit Review UCSD 1088, A1 report UCSD 2102, A1 Case Study UCSD 2103, LO1,2 Essay UCSD 2104, A2 report UCSD 2105, Case study report	UCSD 1089: Visit to Forest School and/or alternative provision Annual trips and activities to be arranged	Attend UCSD Children & Young People conference
General skills (aka. Transferable skills, 'soft' skills)	Students demonstrate the general knowledge, behaviours, and skills needed by every employer and workplace. Further information:

Employability is a vital part of the learning journey of all UCSD students and is integrated throughout the programme at FHEQ Level 6. As detailed in the UCSD Enterprise and Employability Framework, UCSD students develop their employability across nine criteria. This section highlights any other areas of activity, signposting, or links to industry and employer standards.

Extra employability-related activity will be recorded on the Employability Activity Form.

1.12 Student engagement in ongoing programme development

UCSD sees students as partners in their academic process, we actively seek and respond to your feedback at several points within the year. You and your course peers will elect a Student Representative to represent your views at Student Consultative Forum three times a year. The Lead Student Rep, elected by the whole student body also acts as a Student Governor in South Devon College's governance structures to represent your views. Students are also asked to give early and end of module review feedback to improve module delivery, and surveys about their student satisfaction once a year. In addition, students can always discuss any concerns or areas of good practice with their personal tutor.

Below, we outline the recent feedback that has been received from students and how we have developed the programme in response to that feedback.

You said:	We did:
You have felt overwhelmed by the amount of information to take in regarding academic writing, referencing and academic style.	Focused on one-to-one support for individual needs and next steps. Referred to study skills and tailored tutorial weeks to specific grade boosting topics. We have also developed a comprehensive two-day induction for entry 2022-23 to allow more time for preparation at the beginning of programme.
You have enjoyed guest speakers throughout some of the tutorial sessions	We arranged an end of year CPD event on trauma informed approaches to support employability and continuous professional development.

2. Programme Specification

2.1 Programme Details

Awarding Institution:	South Devon College
Teaching Institution:	South Devon College
Accrediting Body:	South Devon College
Language of Study:	English
Mode of Study:	Full Time/Part Time
Final Award:	Foundation Degree
Intermediate Level 4 Award:	Certification of Higher Education (Level 4)
Programme Title:	FdA Education and Childhood
UCAS Code:	2EAC
Benchmarks:	QAA Foundation Degree Benchmark statements (2020) Foundation Degree Characteristic Statement (2020) Early Childhood Studies (2019) Education Studies (2019)
Date of Programme Approval:	26 ay 2021

2.2 Brief Description of the Programme

Welcome to the FdA Education and Childhood this programme intends to provide you an opportunity to become active, reflective and self-critical learners, with a sound understanding of the relationship between theoretical frameworks and the active empirical methods of enquiry which inform the development, interpretation and re-evaluation of theory. The rights of children, understanding of anti-discriminatory practices and safeguarding will be encouraged throughout. The incorporation of theories, research and policy relating to education and child development spanning the ages from 0 – 18 years, with specialist modules focussing on Special Educational Needs and Development (SEND) are also an important part of the programme. This unique curriculum will comprise elements of early years provision, as well as primary and special provision.

On completion of study you could progress directly into, or progress onto higher level study, to pursue a variety of careers in education, including roles such as teacher, teaching assistant (higher level), pastoral lead, schools based support, intervention lead, mental health worker, portage worker, learning disabilities support worker, family support

worker, SEMH support workers, Assistant SENCO, early years practitioner, behavioural support worker, community education officers, and in educational psychology.

2.3. Details of Accreditation by a Professional/Statutory Body (if appropriate)

Not applicable

2.4. Exceptions to Regulations

No exceptions to the regulations outlined on the UCSD website <https://www.ucsd.ac.uk/student-life/essential-information/academic-regulations-and-procedures-and-policies/> related to South Devon College UCSD awarded degrees.

2.5. Programme Aims

The programme aims align to the benchmark statements for Education Studies (2019) and Early Childhood Studies (2019). The learning outcomes of the programme resonate with the development of impact, both practical and theoretical for professional practice in the sector. The development of the preparatory skills required for entering the profession of education have been incorporated for the progression of students to many wide-ranging progression opportunities.

The programme will:

1. Provide students with the academic knowledge and understanding necessary to further their professional and personal development related to education policy and practice.
2. Enable students to critically analyse the contribution of a range of theoretical, behavioural and political concepts with application to education and child development.
3. Develop transferable skills related to research analysis, reflection and evaluation and apply these skills to related practice in the fields of education and child development.
4. Equip students with the professional skills necessary to become an effective practitioner within the education sector.
5. Provide students with the opportunity to study focused areas and themes that promote safe, innovative and effective practice in educational settings.

2.6. Programme Intended Learning Outcomes (ILO)

Knowledge and understanding

On successful completion students should have developed a knowledge and understanding of:

1. Legislation and theoretical perspectives that can be applied in a wide range of educational settings.
2. Pedagogical approaches for working with children and young people, and communities, considering local and global contexts.
3. A range of research perspectives and methodologies applied to education.
4. The importance of cultural, societal, political, historical, technological and economic contexts on learning, including education policies, moral, religious and philosophical underpinnings, and issues of social justice.

Cognitive and intellectual skills

On successful completion students should have developed the skills to understand:

1. How to critically discuss relevant legislation, policy, theory, research and frameworks relating to educational studies and child development, and critically evaluate the impact on holistic development.
2. Implement established techniques of critical analysis and enquiry applied within educational contexts.
3. How to demonstrate praxis within an identified area of focus and practical skill.
4. How to apply theories and concepts to a range of real-world educational contexts to inform and develop a coherent and critical argument relevant to said issues.

Key and transferable skills

On successful completion students should have developed the ability to:

1. Plan, undertake, analyse, evaluate, and reflect on research, relating to education and child development.
2. Construct written and oral evidence informed arguments, that demonstrate synthesis of key concepts from educational policy and research in child development.
3. Apply higher level research and academic skills, with the ability to analyse results and findings to inform/ develop educational practices.
4. Undertake and reflect upon assessments in a variety of different contexts to develop appropriate strategies to support children, young people and professionals in educational settings.

Employment related skills

On successful completion students should have developed the ability to:

1. Work flexibly and effectively in collaboration with colleagues, parents, carers and other agencies.
2. Demonstrate an awareness and commitment to appropriate ethical practice in complex and unpredictable contexts.
3. Produce critical arguments to develop multiagency practices for the benefit of children and young people in education.
4. Understand key themes and responsibilities for safeguarding children and young people within education settings.

Practical skills

On successful completion students should have developed:

1. Appropriate ethics, values and beliefs when working with children, young people and professionals including anti-discriminatory practice and equality of opportunity.
2. The ability to demonstrate critical reflection and build upon personal professional knowledge and skills.
3. The ability to demonstrate, adapt and innovate their educational practice to support holistic child development and learning.
4. A practical knowledge and understanding of the importance of, and strategies, for effective communication with children, parents/carers and other multi-agency professionals.

2.7. Progression Route(s)

On successful completion of this programme, student will be able to progress to the following;

- BA (Hons) Child, Development and Education (this programme is awarded by the University of Plymouth, delivered at South Devon College)
- BA (Hons) Education, Development and Society (this programme is awarded by the University of Plymouth, delivered at South Devon College).

Students could also apply to progress to Plymouth University for the following courses:

- BA (Hons) Education
- BA (Hons) Education with Foundation Studies
- BA (Hons) Early Childhood Studies

This programme has been designed to provide practitioners with both academic and subject expertise. The contribution of marks from prior levels of study to the progression award is governed by Academic Regulations.

Progression opportunities for further study and career prospects will be discussed with all students as part of the ongoing tutorial delivery throughout the academic year. Guidance will be provided for students individually to secure progression opportunities with alternative Higher Education providers.

2.8. Admissions Criteria

All applicants must have GCSE (or equivalent) Maths and English at Grade 4 or above (C or above)

Entry Requirements for FdA Education and Childhood	
A-level/AS-level	Normal minimum entry requirements are 48 UCAS points at A-level
BTEC National Diploma/QCF Extended Diploma	Normal minimum entry requirements are 48 UCAS points
Access to Higher Education at level 3	Normal minimum entry requirements are 48 UCAS points, with a minimum of 24 credits at Merit
Welsh Baccalaureate	Normal minimum entry requirements are 48 UCAS points

Scottish Qualifications Authority	Normal minimum entry requirements are 48 UCAS points, from Scottish Advanced Highers
Irish Leaving Certificate	Normal minimum entry requirements are 48 UCAS points, from Higher Level, and Ordinary Level Grade C Maths and English
International Baccalaureate	Normal minimum entry requirements are 48 UCAS points, from Higher Level, If overseas and not studying English within IB, must have IELTS 6.0 overall with 5.5 in all other elements.
Work Experience	Previous experience within an education setting is preferable prior to being accepted onto the programme, but not essential.
Interviews	No
An enhanced Disclosure and Barring Service (DBS) clearance is required for this programme.	

2.9. Programme Structure *(Please use * to indicate any shared modules)*

Level 4

4. Module Records

South Devon College Module Record

SECTION A: DEFINITIVE MODULE RECORD. *Proposed changes must be submitted via the HE Faculty Office Procedures for approval and issue of new module code.*

MODULE CODE:

UCSD1084

MODULE TITLE: Professional Practice

CREDITS: 20

FHEQ LEVEL: 4

HECOS CODE:

PRE-REQUISITES: None

CO-REQUISITES: NA

COMPENSATABLE: Y

SHORT MODULE DESCRIPTOR:

This module will require students to complete 100 hours of work placement; it will provide students the opportunity to reflect on their professional practice toward improving outcomes for children, young people and families in relation to collaborative working, ethical practice and professional relationships.

ELEMENTS OF ASSESSMENT [Use HESA KIS definitions] – see [Definitions of Elements and Components of Assessment](#)

E1 (Examination)		C1 (Coursework)	100%	P	
----------------------------	--	---------------------------	-------------	----------	--

SUBJECT ASSESSMENT PANEL to which module should be linked: FdA Education and Childhood

Professional body minimum pass mark requirement: NA

MODULE AIMS:

To enable students to explore their own professional practice and how it contributes to positive change, shared goals and outcomes for children and young people. Students will create a professional portfolio of experiences and reflections to demonstrate their ethical practice and collaborative working. The module aims to develop both academic and professional practice skills.

ASSESSED LEARNING OUTCOMES: (additional guidance below; please refer to the Programme Specification for relevant award/ programme Learning Outcomes.

At the end of the module the learner will be expected to be able to:

Assessed Module Learning Outcomes	Award/ Programme Learning Outcomes contributed to
PS1. Reflect upon ethical awareness within professional duties, responsibilities and practice. PS2. Evaluate the impact of your own professional and academic development upon your practice. PS3. Reflect on the importance of working with colleagues to effectively support children and young people PS4. Evidence collaborative working with colleagues and other professionals, demonstrating an awareness	Knowledge and Understanding – 1,2,3,4 Cognitive and intellectual skills – 1,2,3,4 Key and transferable skills – 1,2,3,4 Employment related skills – 1,2,3,4 Practical Skills – 1,2,3,4

of positive change, shared goals and outcomes for children and young people.		
DATE OF APPROVAL:	AWARDING BODY: South Devon College	
DATE OF IMPLEMENTATION:	SEMESTER: 1	
DATE(S) OF APPROVED CHANGE: XX/XX/XXXX		

SECTION B: DETAILS OF TEACHING, LEARNING AND ASSESSMENT

Items in this section must be considered annually and amended as appropriate, in conjunction with the Module Review Process. Some parts of this page may be used in the KIS return and published on the extranet as a guide for prospective students. Further details for current students should be provided in module guidance notes.

ACADEMIC YEAR: 2022/23

NATIONAL COST CENTRE:

MODULE LEADER: Lisa Rogers

OTHER MODULE STAFF: Marie Metenier

Summary of Module Content

- Reflective Practice
- Professional and personal development -portfolio building
- Professionalism, professional identity and ethical awareness
- Academic and study skills development to include time management and organisational skills
- A focus on values that prepare students for future careers – such as Care, Compassion, Competence, Communication, Courage and Commitment.

SUMMARY OF TEACHING AND LEARNING [Use HESA KIS definitions]		
Scheduled Activities	Hours	Comments/Additional Information (briefly explain activities, including formative assessment opportunities)
Scheduled activities	45	Lectures will be interactive taught lessons, in which students are expected to contribute to whole class discussions and small group tasks
WBL	100	A range of activities will be linked sessional module delivery
Guided Independent study	55	Independent study towards assessments
Total	200	(NB: 1 credit = 10 hours of learning; 10 credits = 100 hours, etc.)

SUMMATIVE ASSESSMENT

Element Category	Component Name	Component Weighting
Coursework	Assessment 1: Blog (LO1) A blog linked to the role of a professional	20%
	Assessment 2: Professional Practice portfolio (LO2, 3 and 4)	80%
		Total = 100%

REFERRAL ASSESSMENT

South Devon College Module Record

SECTION A: DEFINITIVE MODULE RECORD. *Proposed changes must be submitted via the HE Faculty Office Procedures for approval and issue of new module code.*

MODULE CODE: UCSD1085 **MODULE TITLE:** Safeguarding Children and Young People

CREDITS: 20

FHEQ LEVEL: 4

HECOS CODE:

PRE-REQUISITES: None

CO-REQUISITES:

COMPENSATABLE: Y

SHORT MODULE DESCRIPTOR:

This module will develop students' knowledge and understanding of harm and risks for children within families and the community and how abuse occurs. It will explore contemporary issues of safeguarding children and young people and assist students to understand the policies and processes that exist for practitioners to safeguard children in a range of settings.

ELEMENTS OF ASSESSMENT [Use HESA KIS definitions] – see Definitions of Elements and Components of Assessment					
E1 (Examination)		C1 (Coursework)	50%	P1 (Practical)	50%
E2 (Clinical Examination)		A1 (Generic assessment)			
T1 (Test)					

SUBJECT ASSESSMENT PANEL to which module should be linked: FdA Education and Childhood

Professional body minimum pass mark requirement: NA

MODULE AIMS:

To explore the complex issues of safeguarding and child protection within society. Factors which increase harm and the risk of harm, are explored, along with preventative measures. Statutory measures are examined and students will develop an understanding of the roles of practitioners working with children and their families, across a variety of different agencies and settings, to identify, address and prevent harm.

ASSESSED LEARNING OUTCOMES: (additional guidance below; please refer to the Programme Specification for relevant award/ programme Learning Outcomes.

At the end of the module the learner will be expected to be able to:

Assessed Module Learning Outcomes	Award/ Programme Learning Outcomes contributed to
<ol style="list-style-type: none"> 1. Identify potential safeguarding risk factors and the nature of child abuse. 2. Examine appropriate responses and responsibilities for practitioners when safeguarding children and young people. 3. Discuss the rights of the child and the voice of the child in relation to safeguarding and child protection. 	Knowledge and Understanding – 1,4 Cognitive and intellectual skills – 1,4 Key and transferable skills – 1,2,3,4 Employment related skills – 2,3,4 Practical Skills - 3

4. Describe the policy and legal frameworks for safeguarding and child protection practice.

SECTION B: DETAILS OF TEACHING, LEARNING AND ASSESSMENT

ACADEMIC YEAR: 2022/23

NATIONAL COST CENTRE:

MODULE LEADER: Caroline Knight

OTHER MODULE STAFF: Kelly Smith

Summary of Module Content

- Safeguarding and child protection
- Risk factors in safeguarding, and the nature of child abuse
- Interpreting the wide range of legislation, policy and practice in existence.
- History and evolution of child protection, understanding the complexities through the use of case studies and published serious case reviews
- Children's rights, both legally and practically
- Locate the child's voice in policy and practice
- Roles and responsibilities within safeguarding

SUMMARY OF TEACHING AND LEARNING [Use HESA KIS definitions]		
Scheduled Activities	Hours	Comments/Additional Information (briefly explain activities, including formative assessment opportunities)
Scheduled activities	45	Lectures will be interactive taught lessons, in which students are expected to contribute to whole class discussions and small group tasks and activities.
Teaching focused reading linked to sessions	40	2.5 hours per week for 15 weeks. Academic reading for each session
Guided independent study	115	Directed weekly reading, Moodle based tasks, and assessment development
Total	200	(NB: 1 credit = 10 hours of learning; 10 credits = 100 hours, etc.)

SUMMATIVE ASSESSMENT

Element Category	Component Name	Component Weighting

Coursework	Report	Report (LO3, 4) 2000 words Identify legal and policy frameworks whilst highlighting the rights and voice of the child 100%	50%

South Devon College Module Record

SECTION A: DEFINITIVE MODULE RECORD. *Proposed changes must be submitted via the HE Faculty Office Procedures for approval and issue of new module code.*

MODULE CODE: UCSD1086	MODULE TITLE: Equality, Rights, Diversity and Cultural Differences	
CREDITS: 20	FHEQ LEVEL: 4	HECOS CODE:
PRE-REQUISITES: None	CO-REQUISITES: None	COMPENSATABLE: Y

SHORT MODULE DESCRIPTOR:

This module is designed to provide students with the opportunity to explore inclusion in its broadest sense. The module considers diversity and difference in the context of children, young people and families. Through an exploration of parenting and the family theory and practice this module will evaluate current practices and literature that influences children, young people and families experience in today's society.

ELEMENTS OF ASSESSMENT [Use HESA KIS definitions] – see [Definitions of Elements and Components of Assessment](#)

E1 (Examination)		C1 (Coursework)	100%	P1 (Practical)	
----------------------------	--	---------------------------	------	-----------------------	--

SUBJECT ASSESSMENT PANEL to which module should be linked: FdA Education and Childhood

Professional body minimum pass mark requirement: N/A

MODULE AIMS:

The module aims to examine inclusion in its broadest sense. Concepts such as difference and diversity are explored in relation to the experiences of children and young people. Students will have opportunity to evaluate current literature in relation to equality. Students will explore how the rights of the child can be seen in practice and ways that this influences the experiences of children and young people.

ASSESSED LEARNING OUTCOMES: (additional guidance below; please refer to the Programme Specification for relevant award/ programme Learning Outcomes.

At the end of the module the learner will be expected to be able to:

Assessed Module Learning Outcomes	Award/ Programme Learning Outcomes contributed to
<ol style="list-style-type: none"> 1. Evaluate current literature with regard to equality. 2. Examine ways that the rights of the child can be explored in practice. 3. Explore the concept of inclusion. 4. Investigate ways that diversity and cultural difference influences experiences for children and young people. 	Knowledge and Understanding – 1,4 Cognitive and intellectual skills –1,2,3,4 Key and transferable skills – 3, 4 Employment related skills – 2,3,4 Practical Skills – 1,4
